# The Beneplan HR Toolkit

We realize that it's increasingly difficult to be an employer in this market. With more mental health injury claims being submitted due to workplace stress injuries, the cost for worker's compensation and disability insurance has increased.

That's why your membership with Beneplan now comes with the following enhancements:

## Access to a full EFAP from Shepell

The only Employee and Family Assistance Program (EFAP) provider with a full range of flexible and confidential counselling delivery options available to you and your family members.
